Daily activities offered to visitors, in addition to a guided tour

IN THE BACKYARD, BETWEEN WAR AND TRAINING,

Prepare for military operations! Don't become a soldier who wants to, and yet you need men with arms! By following the sergeant's orders, by defending the castle, by going into the countryside, become a soldier on a daily basis. We recruit at all times, we teach the basics because the danger is indeed there: recruitment, brigade training, maneuvers, packing. . .

IN THE STATELY HOME, BETWEEN WAR AND TACTICS,

Take a look at it! Combat imagery, well-established attack techniques, the right strategy, theatrical staging, participatory games and a host of anecdotes! Thus, thanks to the chronicler, you will relive the feats of arms and battles of the Middle Ages, between realities and fictions. . . because you must know how to embellish the facts to glorify the victors.

IN THE CHAPEL, BETWEEN WAR AND DIPLOMACY,

Open the esgourdes wide! It's up to you! To go to war, one must have a good knowledge of the enemy, its position, as well as the field of operations in order to negotiate or bribe. Once the information is taken, everything is set up and you will become perfect spies or secret agents.
